"A word from your pastor....."

Church Family,

"Got your garden in yet?" That is not an uncommon question in our area. Many people depend on gardens to supplement their livelihoods. My parents used to have a large garden every year. They needed a big garden, because they had 4 children plus themselves. Dad had an old rototiller. He would take it out, clean the carburetor, and change the oil. Soon after it would roar back to life. He would till the ground while mixing in fertilizer. There was a process to everything. Tilling, working, planting, weeding, working, watering, working and then, ultimately, a harvest would come.

You know at the church we do the same thing. We till the ground and sow the seeds of the gospel. We model in our personal lives through testimony of conduct and speech of the gospel. We pray with hurting people, extending to them love and the gospel. We teach and equip other believers to share and do the same things. Some people are gifted to plant the gospel. Some people are gifted to water the gospel, but it is God alone who brings the increase! We are not responsible for results in the harvest. We are responsible for the planting, sowing, and watering. I do not know who God is going to save, but He knows. As a matter of fact, He has elected and known this before the foundation of the world. What I know is I have a field to work and so do you. Silo Baptist Church is responsible to not only sow the gospel to the nations, but also in Silo, Oklahoma. So let's get the gospel out in our areas and let people know about Jesus who alone saves. Take a careful look at 1 Corinthians 3:5-15 and you will see a very clear picture of every member's responsibility to participate in the gospel.

I love you,

YOUR Pastor, Ray Earley
